OREGON, MO., APRIL 16, 1880.

To Hon. Nicholas Ford: If you fail to do all in your power to secure the removal of the tariff on printing paper, you will "hear something" drop if you offer yourself for re-election this fall.

As LAST A reporter has found Mr. Thomas A. Hendricks and had an interview. Mr. Hendricks has every confidence in the success of the Democracy this year, but he thinks it will have to be particular about the selection of its candidate. An Indiana man, now, would sweep everything, and there is only one Indiana man.

Bismarck has resigned again. A vote in the Bundesrath displaced him, and he forwarded his resignation to the Emperor. Of course the Emperor will refuse to accept it, the Bundesrath will reconsider its action, and Bismarck will go on with the Chancellorship. It is not a new thing in Germany.

A correspondent asks for the number of delegates in a Republican National Convention. Each State has a delegation twice the size of its electoral vote, which makes the total vote of the States in Convention 739. There are 9 Territories each of which has two delegates, making the total vote of the Convention 766. A majority-379 votes is required for a nomination.

The Virginia Readjusters have started a panic in the Democratic camp of that State by calling their State Convention to meet on July 7. The Democrats say the choosing of a date after both National Conventions shall have been held means that an independent electoral ticket will be put in the field by the Readjusters. As that was the original scheme of the Readjusters, it is not improbable that the Democrats are right about it. If they should put up a separate electoral ticket and elect it, the Democratic party of the country would be in a peck of trouble.

The Savannah Saturday Democrat brings forward Charles F. Boomer of Savannah as a Democratic candidate for State Senator, to succeed Senator Parrish. We are not acquainted with Mr. Boomer, but we hear him well spoken of. We have heard the successorship to Parrish very little discussed among the Republicans. It is probable the Greenbackers will have a good deal to do with the election of the candidates, as they are quite strong in this district, and while they could not elect a candidate of their own, they can, by throwing their votes unitedly, elect whichever candidate of the other parties they may favor. In other words, they hold the balance of power.

A horrible scene was witnessed at a hanging in Washington, D. C., last Friday. A mulatto, named Stone, aged twenty, was hanged for murdering his wife. The gallows was twenty feet high, with a drop of about five feet. When the drop fell, the body fell to the ground and it was supposed the head had slipped through the noose. But in an instant the head, which had been entirely severed from the body, fell from the noose about four feet from the body. The blood spouted from the body and splattered the beams of the gallows, but in two minutes all muscular action had ceased. The head was picked up by a physician. The face appeared placid, and the lips moved as if about to say something.

The five delegates from Andrew county to the Sedalia convention stand three for Blaine and two for Grant. So we learn from the Savannah Democrat. The Savannah Reporter, which is usually a very excellent paper, published a full report of the proceedings of the county convention, but did not, editorially or otherwise, give the slightest indication of who the delegates were for. Yet the editor must have known that that was the information every reader most desired. And the secret of publishing a successful paper is in furnishing information upon those subjects of most interest to its readers.

We take the liberty to thus gently stir up our friend Paul, in order that he may not be again caught napping. We may add, in this connection, that "Old Buck" of the Albany Ledger, was guilty of the same oversight in his report of the Gentry county convention.
